Dear Sir,

We have been using Olympia make monoblock burners in our plant for the last six years. They are used in different capacities for different applications. They are working well in all respects.

Besides, based on the feedback from us, you have understood our needs and given us good support to go for newer version of the burners. This has helped us to reduce the fuel cost and improve the utilization of our machinery.

The "Annual Maintenance Contract" done by you for all our burners is also giving good results.

We wish you good in all your endeavours

For CARBORUNDUM UNIVERSAL LTD

*N. Gurubaran*

N.Gurubaran,

Asst. General Manager – Projects.
